

REPUBLIC OF KENYA

STATE DEPARTMENT FOR MEDICAL SERVICES

MINISTRY OF HEALTH

COUNTRY: KENYA

PROJECT: KENYA HEALTH EMERGENCY PREPAREDNESS, RESPONSE AND RESILIENCE PROJECT (KHEPRR)

GENERAL PROCUREMENT NOTICE

Credit No.7405-KE

Project ID No. P180127

1. The Government of Republic of Kenya has received financing in the amount of US\$ 120 Million equivalent from the World Bank toward the cost of the Kenya Health Emergency Preparedness, Response and Resilience Project (KHEPRR), and it intends to apply part of the proceeds to payment for goods, works, non-consulting services and consulting services to be procured under this project. This project will be fully financed by the World Bank.

2. The project comprises the following components:

2.1 Component 1: Strengthening the Preparedness and Resilience to Manage Health Emergencies.

This component will finance capacity strengthening of essential institutions that contribute to the resilience of the health systems to cope with health emergencies. Specifically, this will include multisectoral and cross-border planning, health workforce development, access to quality health commodities, including local vaccine and pharmaceutical manufacturing, and digitization of information systems.

2.2 Component 2: Improving the detection of and response to Health Emergencies.

This component will finance expenditures related to strengthening operational readiness and capacities. This will include surveillance and laboratory diagnostics, emergency management, coordination, and essential service continuity; empowerment, and social protection during health emergencies.

2.3 Component 3: Project Coordination Unit.

This component will finance costs associated with the project coordination, activities for program implementation and monitoring.

2.4 Component 4: Contingent Emergency Response Components.

This component will be activated in the event of an emergency.

3. The goods, works, non-consulting services and consulting services that will be procured through Open International Competitive Procurement include:

3.1 Consulting services by a WHO accredited Good Manufacturing Practices consultant to provide a detailed analysis of the technical, legal, and regulatory framework to ensure the alignment of vaccine manufacturing project with good international practice and readiness to commence manufacturing activities

3.2 Consulting services to support negotiations and approvals of Technology Transfer Agreements with international vaccine manufacturers

3.3 Consultancy services to support development of specifications, bidding, evaluation and general supervision of civil works including waste treatment plans and fill and finish facility.

3.4 Consulting Services for support to reduction of backlog and developing a business plan on dossier assessment

3.5 Design , implementation and operationalize toxicovigilance and the call centre

3.6 Consulting Services on Good Manufacturing Practices for general medicines and vaccine
